[1]Students with Dependents: Per AB 2881, priority registration is given to students with a dependent child younger than 18 years old who receives more than half of their support from that student. For more information, please get in touch with Health Promotion and Wellness.

[2]Graduating Senior: Students who apply to graduate for Summer 2025 by March 14, 2025, and have 101 units in progress or completed.

[3]Appointments are assigned based on the student's class level at the assignment time. Appointments prioritize projected class level (assuming successful completion of in-progress units). Appointments within that group are then prioritized based on units completed at the time of the assignment.
